*In the face of extraordinary cuts to education, you can help maintain the quality programs we all expect from our Burlingame Schools. Parents and community members like you donate to BCE and BCE grants this money to the school district in order to support music, P.E. and library programs and smaller class sizes. As a Burlingame parent, your support is **critical** to our district's success.*

This is our town; these are our schools and our kids – please donate today!
